

WestGrid MSI2 Funded Staff by Institution			
Data current as of December 2018, for MSI2 Year 2			
Total FTEs: 58.4			
WestGrid Central Office			
Name	Job Title	Regional & National Teams	Areas of Expertise
Lindsay Sill	Chief Executive Officer	National: Executive Management Committee Regional: Site Leads, Senior Management Team (SMT), Research Computing Directors (RCD)	Leadership Finance Strategic Planning Management
Patrick Mann	Director of Operations	National: Council of Chief Technical Officers (CTOs), Technical Leadership Council (TLC), Science Leadership Committee (SLC), Migration Lead, Resource Allocation Competition (RAC) Technical Lead Regional: Site Leads, Analysts, Systems, SMT	Technical management Computational methods
Megan Allen	Director of Finance	National: Finance Committee Regional: SMT	Finance Project Management Human Resources Management
Alex Razoumov	Training and Visualization Coordinator	National: Visualization Lead, Accelerator, Humanities & Social Sciences (HSS), Education, Outreach & Training (EOT) Regional: EOT Lead, Site Leads	Scientific visualization, simulations and programming User training coordination and delivery
Erin Trifunov	Manager, Projects and Outreach	National: Migration, RAC, Account Renewals, Grant Admin Regional: Site Leads, Systems, SMT, Comms	Project Management Communications
Ikenna Okpala	Senior Developer	National: CCDB Dev Regional: LSARP Genome Canada Project	Software development Web development Agile project management
Simon Fraser University			
Name	Job Title	Regional & National Teams	Areas of Expertise
Martin Siegert	Head, Research Computing Group-HPC	National: SFU Site lead, TLC Regional: Site Leads, RCD	Technical and operational management National site management
Greg MacMillan	Project Manager, ARC	National: Stage 1 & 2 Capital Deployment Lead	Project management
Lance Couture	Programmer/Analyst	National: Storage, Scientific Platforms (SPNT) Regional: Systems	Advanced HPC systems expertise
Lixin Liu	Research Computing Group: Technical support, System Administration	National: LDAP, Infrastructure Operations (IONT), Networking, High Availability (HA) Regional: Analysts	Networking, LDAP, DNS, GSuite, HA
Adam Spencer	Research Computing Group: Technical support	National: Cedar National Systems Team Regional: Systems	Provisioning, sysadmin, slurm Background in automation
Ataollah Roudgar	Research Computing Group: Technical support	National: Research Support, CVMFS (software) Regional: Analysts	Software installation, application support
Alex Garnett	Library Sciences	National: Federal Research Data Management Repository (FRDR)	Research data management, data curation, digital preservation

James Peltier	Head, Research Computing-Labs	National: Cedar Team, Provisioning WG Regional: Analysts	Provisioning (including design of the system) Puppet infrastructure Cloud
Sergey Chelsky	Research Computing Group: Technical support	National: Subatomic Physics, CVMFS (software) Regional: Analysts	Software installation, application support ATLAS Tier-2 support
Wolfgang Richter	Research Computing Group: Technical support (DB admin)	National: Cedar Team Regional: Analysts	Databases (MySQL, PostgreSQL, Oracle, DB2)
Gemma Hoad	Bioinformatics Support Specialist	National: Bioinformatics Team Regional: EOT Committee, Analysts	Scientific Support - Bioinformatics General User Support (Consultations)
Alexandre Augusto Santos Lopes	Big Data Technologies Specialist	Regional: EOT Committee, Analysts	Data analytics Data Science Comprehensive User Support
University of Alberta			
Name	Job Title	Regional & National Teams	Areas of Expertise
Kamil Marcinowski	Systems Analyst Specialist	National: Scheduling Lead, RAC Regional: Site Leads	Advanced HPC systems expertise (provisioning, OS, Lustre) Shared memory systems expertise (SGI) Scheduling, Cloud, Parallel computing
John Simpson	Humanities and Social Sciences Specialist	National: SLC Interim Chair, Humanities and Social Sciences (HSS) Lead, TLC RAC, Grant Admin, FRDR	Humanities and Social Sciences Basic scientific programming Software Carpentry instructor trainer
Erming Pei	Senior Systems Analyst/ HPC Grid Specialist	National: SPNT, Cloud, Arbutus Regional: Analysts	Cloud (OpenStack) LHC Grid Monitoring (Ganglia)
Chris Want	Research Support Analyst	National: RSNT, Globus Regional: Analysts	Visualization, software installation, application support
University of British Columbia			
Name	Job Title	Regional & National Teams	Areas of Expertise
Roman Baranowski	Team Lead, Advanced Research Computing & WestGrid Site-lead	National: Scheduling, Storage, Cedar team Regional: Site Leads, Systems	Systems Administration Scheduling Comprehensive User Support
Edith Domingue	Client Services Manager	National: Grant Admin	Research Data Management General User Support (Consultations)
Venkat Mahadevan	Systems Administrator II	National: Cloud Ops National Team	Systems Administration General User Support
Scott Baker	Health Research Data Project Manager	National: Security Council WG Rep (since April 2017) Regional: Site Leads	Privacy & Security Policies Research Data Management
Ryan Thomson	Systems Administrator	National: Monitoring, ELK config Regional: Analysts	Systems Administration General User Support
Megan Lobay	Scientific Analyst, Social Sciences & Digital Humanities	National: Humanities and Social Sciences, SLC Regional: EOT Committee	Scientific Support - Humanities and Social Sciences General User Support (Consultations), Research Data Management
Jamie Rosner	Scientific Analyst, Life Sciences & Bioinformatics	National: Bioinformatics Co-lead, SLC Regional: EOT Committee	Scientific Support - Bioinformatics General User Support (Consultations) Research Data Management

Eugene Barsky	Research Data Services Librarian	National: RDM, FRDR, Dataverse North (Chair), RDC Policy Infrastructure (IC), RDC National Research Data Centres / Services Review Working Group	Research Data Management Digital Preservation Metadata
Todd Zimmerman	Senior Manager, Media and Classroom Services	National: Collaboration Lead Regional: Site Leads, Vidyo	Collaboration Support, Operational Management of Collaboration Technologies
Garth Evans	Audio Visual Support Analyst	National: Collaboration, HSS, Training Coordination	Collaboration Support and Training, Training Technologies, Media Creation
Malcolm Petch	Audio Visual Support Analyst	National: Collaboration	Collaboration Support and Training, Training Technologies, Media Creation
Wade Klaver	Systems Administrator II	Regional: Analysts	Systems Administration General User Support
Martin Krzywinski	Staff Scientist - Genome Sciences Centre	National: Bioinformatics	Scientific Support - Bioinformatics Training
University of Calgary			
Name	Job Title	Regional & National Teams	Areas of Expertise
Robert Fridman	Senior Systems Admin/Analyst	National: Accounts Regional: Site Leads, Systems Lead	ARC Team Management Systems and configuration management General user support
Dmitri Rozmanov	Data Scientist	National: Biomolecular Simulations, Visualization NT Regional: Analysts	Molecular simulations Computational Chemistry Parallelization basics (MPI), R and SQL
Doug Phillips	Senior Computational Science Consultant	National: Research Support (RSNT), Documentation Regional: Analysts, Accounts	General HPC New user support Getting started training sessions
Tak Fung	Senior Statistical Consultant	Regional: Analysts	Statistics
Christopher Mag-Atas	Systems Admin/Analyst	National: Monitoring Team	Management System management Configuration management
David Schulz	Systems Admin/Analyst	National: HSS	System management. Configuration management. Cloud (OpenStack) SQL
Ian Percel	Data Scientist	National: Research Support (RSNT), LSARP Project (RPP) Regional: User Training	Data Structures Machine Learning, Statistics & Analysis Stochastic Simulation
University of Manitoba			
Name	Job Title	Regional & National Teams	Areas of Expertise
Grigory Shamov	Senior Systems Analyst (ARC Support Specialist)	National: Monitoring, Biomolecular Simulations Regional: Site Leads, Systems, RCD	Genral & Advanced HPC systems expertise, Monitoring (ELK) Theoretical Chemistry, Gaussian, WebMO, containers
Ali Kerrache	Systems Analyst (ARC Support Specialist)	National: RSNT, Biomolecular simulations NT Regional: Analysts, EOT	Computational Chemistry MD, LAMMPS expert C++, Fortran, Debugging, User Training, Documentation
Daryl Lorimer	HPC Administration	Regional: Analysts, EOT	SAAS, Systems (CAF), DevOps Configuration change management, CI/CD, Systems administration, Monitoring (ELK)

University of Saskatchewan		N/a	
Name	Job Title	Regional & National Teams	Areas of Expertise
Jason Hlady	Research Computing Manager	National: RDM Lead, FRDR Lead, SLC Regional: RCD	RDM Management Storage
Sergiy Stepanenko	HPC Analyst and Coordinator	National: Storage, Cloud Regional: Site Leads, Systems	Technical Management and coordination Generalist (Tier 2) support User consultations
Robert Wagner	Nationl Infrastructure Support	National: Storage, Cedar	Storage, Backup systems, building software Generalist (Tier 2) support. Cloud deployment (local Openstack/imaging).
Juan Carlos Zuñiga-Anaya	Advanced Computing Research Analyst	National: Scheduling, Bioinformatics	CFD, Linear algebra, Code development (C, C++, Fortran, python, Lua), Algorithms. Working with Local cluster as well as Scheduler config.
Todd Trann	RDM / National projects Lead Developer	National: RDM, FRDR	Project management - Agile, CI/CD Java/Python with RDM. (See CCDB profile)
Mike Winter	RDM / National projects Developer	National: RDM, FRDR	Deploying containers into clusters. Burst to commercial clouds. RDM.
Adam McKenzie	Research Data Management Analyst	National: RDM, FRDR, Globus	FRDR development, Globus, RDM Python development Agile, CI/CD
Jim Wong	Visualization Room support	National: Collaboration	Collaboration technologies
University of Victoria			
Name	Job Title	Regional & National Teams	Areas of Expertise
Ryan Enge	Manager, Data Centre	National: Cloud Lead, TLC, Arbutus, RAC Admin Regional: Site Lead	Advanced HPC systems expertise Openstack/Ceph/advanced cloud expertise
Belaïd Moa	ARC Specialist	National: RSNT	Big data VM setup (including virtual clusters) General Tier 2/3 user support
Jeff Albert	Senior Systems Administrator	National: Cloud, Security Ops, Monitoring, Arbutus Regional: Systems	Monitoring, Security Cloud deployment/operations TSM/Backups
Mike Cave	Senior Systems Administrator	National: Cloud, Storage, Cloud Ops, Arbutus Regional: Systems	Cloud deployment/operations, CEPH, hardware, WOS
Ryan Taylor	ARC Specialist	National: CVMFS Lead, SPNT	CVMFS WLCG T2 operations & grid computing/middleware Advanced HPC/cloud systems expertise
Hans Yodzis	Network Architect	National: Network NT, Arbutus	Network architecture
Kevin McPetrie	Network Technician	National: Network NT, Arbutus	Network cabling (Arbutus installation)
Luke Whittington	Systems Analyst	National: Arbutus, Cloud Ops	Cloud operations Software development
Veronica Augustin	Senior Project Manager	National: Arbutus (Phase 2 Procurement)	Project Management
Shahira Khair	Data Curation Librarian	National: RDM, FRDR	Research data management planning Data curation
Steve Lahey	Network Analyst	Naitonal: Arbutus	Network operations
